China News

1. **President Xi in Wuhan for COVID-19 prevention, control**

inspection

Chinese President Xi Jinping on 10 March arrived in Wuhan, the epicenter of the COVID-19 outbreak, for an inspection of the epidemic prevention and control work in Hubei Province and its capital city Wuhan. He visited and expressed regards to medical workers, military officers and soldiers, community workers, police officers, officials and volunteers who have been fighting the epidemic on the front line, as well as patients and residents during the inspection.

2. China contributes to global fight against COVID-19

China has been joining hands with the world to fight COVID-19 by donating medical supplies as well as sharing information and experience, among others. In the meantime, Chinese non-governmental organizations are moving to help hard-hit regions across the world combat the epidemic. China is also gearing up to offer online help for overseas Chinese.

China-UK Relations

1. State Councilor and Foreign Minister Wang Yi Had a Phone Call with UK First Secretary of State and Foreign Secretary Dominic Raab

Raab

On 9 March, State Councilor and Foreign Minister Wang Yi took a phone call from First Secretary of State and Foreign Secretary Dominic Raab of the United Kingdom.

Rabb said that the UK takes an open, non-discriminatory attitude to investment from Chinese companies, and looks forward to closer cooperation with China on finance, trade liberalization, investment agreement and climate change.

Wang said that China appreciates the UK's fair and objective stance on 5G-related issues. There are broad prospects for China-UK cooperation in many fields, from finance, trade and investment to climate change.
